

Mr. K had concerns about having no income to be able to meet his housing expense and without an income would need public assistance. At the Warrenton Job Center the DVOP provided career guidance and assisted Mr. K with interview preparation. Mr. K was interviewed and hired as a production technician, making \$ 14.50 per hour.

Mr. W had significant barriers to employment associated with a disability and housing expenses. His goal was to use his class E driver's license to gain employment as a delivery driver. The DVOP in the Warrenton Job Center completed an assessment and assisted with résumé preparation. Mr. W was also provided with resources to address his concerns. He interviewed and was offered a position as a limo driver at a rate over \$20 per hour.

Mr. D came to an outreach session outside of the Job Center. The Rolla Job Center DVOP scheduled an assessment and reviewed his résumé. The LVER suggested a position at a new contractor at Fort Leonard Wood. Mr. D had the qualifications necessary, and after adding them to his résumé, secured an interview. He was hired at a rate of pay of \$21.41 an hour, with fringe benefits, and was also given the project lead position due to his previous experience.
